Task Set 3

Moderator/reference copy – includes issue number, URL, and the gold-fix PR link. See `task_sets.csv` for the same metadata in tabular form.

Task 1 — nonprofessional

Issue: #1003
Category: definition
Size: tiny
Gold fix (moderator only): https://github.com/globalwordnet/english-wordnet/pull/1009

Synset

oewn-01875320-a (Interlingual Index: i10263)

(a) nonprofessional not professional; not engaged in a profession or engaging in as a profession or for gain "the nonprofessional wives of his male colleagues" "nonprofessional actors"

New definition

not professional; not engaged in a profession or engaging in nor for gain

Motivation

The original description is confusing, as far as I understood, it is wrong.

Task 2 — Add `green` to https://en-word.net/id/oewn-90016161-s

Issue: #1015
Category: definition
Size: small
Gold fix (moderator only): https://github.com/globalwordnet/english-wordnet/pull/1048

Affected synsets https://en-word.net/id/oewn-90016161-s

Proposed changes Add `green` as a member of the mentioned synset

Motivation See definition number 9 at: https://en.wiktionary.org/wiki/green#Adjective

Task 3 — ‘drive in’

Issue: #1036
Category: definition
Size: medium
Gold fix (moderator only): https://github.com/globalwordnet/english-wordnet/pull/1063

Synset oewn-01116045-v (Interlingual Index: i27165) (v) drive in ((ball)) cause a run or runner to be scored “His line double drove in Jim Lemon with the winning run”

New definition score a run or cause a run to be scored

Motivation Corpus usage supports the primary active use of this term. Add `vtai` frame here.

Task 4 — pack rat/packrat

Issue: #1143
Category: duplicate_or_merge
Size: small
Gold fix (moderator only): https://github.com/globalwordnet/english-wordnet/pull/1152

Synsets oewn-10410299-n (Interlingual Index: i91815) (n) packrat a collector of miscellaneous useless objects

oewn-10300973-n (Interlingual Index: i91146) (n) magpie, pack rat, scavenger someone who collects things that have been discarded by others

Motivation Wiktionary has: One who collects or hoards, especially unnecessary things. I think we can merge 10410299-n into 10300973-n, give it two variants *pack rat, packrat* and maybe define as "someone who collects things, especially useless objects or those that have been discarded by others"

Or if we think scavenger is different enough, then keep both, and move magpie and pack rat to 10410299-n, ...

Task 5 — Create adjective entry for “fun”

Issue: #1172
Category: new_lemma_or_sense
Size: small
Gold fix (moderator only): https://github.com/globalwordnet/english-wordnet/pull/1325

I don’t have enough experience in WN yet to suggest which synset this should belong to.

The lemma “fun” exists in WN as a partOfSpeech noun but the adjective form does not exist.

I discovered this randomly while exploring the WN data file.

The new entry would end up looking something like:

```
<LexicalEntry id="oewn-fun-a">
   <Lemma writtenForm="fun" partOfSpeech="a">
     <Pronunciation>f[U+028C]n</Pronunciation>
   </Lemma>

   <Sense id="..." synset="..."/>

 </LexicalEntry>
```

Task 6 — 'deportation'

Issue: #1207
Category: other
Size: small
Gold fix (moderator only): https://github.com/globalwordnet/english-wordnet/pull/1329

Synsets oewn-00208610-n (Interlingual Index: i36497) (n) deportation, exile, expatriation, transportation the act of expelling a person from their native land "men in exile dream of hope" "his deportation to a penal colony" "the expatriation of wealthy farmers" "the sentence was one of transportation for life"

oewn-00208155-n (Interlingual Index: i36494) (n) deportation the expulsion from a country of an undesirable alien

Motivation These two senses are not really distinguished, the "act of expelling" and "explusion" are not really different

Task 7 — unintentional

Issue: #1281
Category: other
Size: medium
Gold fix (moderator only): https://github.com/globalwordnet/english-wordnet/pull/1282

designed, intentional, unintentional: done or made or performed with purpose and intent I think the word unintentional is incorrect in this context as it is not corresponding with designed and intentional

Task 8 — Male homophobic slurs

Issue: #1100
Category: relation
Size: tiny
Gold fix (moderator only): https://github.com/globalwordnet/english-wordnet/pull/1159

Existing relation oewn-10095821-n (Interlingual Index: i89870) (n) pouf, fag, faggot, fagot, queen, pansy, poof, poove, fairy, queer, nance ((sex)) ((LGBT)) offensive term for a homosexual man

to

oewn-10202544-n (Interlingual Index: i90552) (n) gay, homo, homophile, homosexual someone who is sexually attracted to persons of the same sex

Proposed change Change to oewn-83837368-n (Interlingual Index: in) (n) gay man, shirtlifter a homosexual man

And move 'shirtlifter' to this synset

Motivation Captures these as being terms that refer to 'men'. This follows the same structure used for slurs for gay women.

Task 9 — ‘carnivore’ -> ‘carnivoran’

Issue: #1378
Category: relation
Size: small
Gold fix (moderator only): https://github.com/globalwordnet/english-wordnet/pull/1392

Synset

```
02077948-n: carnivore
    a terrestrial or aquatic flesh-eating mammal
    (terrestrial carnivores have four or five clawed digits on each limb)
    hypernym: 01889397-n (placental, placental mammal, eutherian, eutherian mammal)
    hyponym: 02084842-n (fissiped mammal, fissiped); 02085998-n (canine, canid); 02123649-n (feline, fe

01327072-n: carnivore
    any animal that feeds on flesh
    (Tyrannosaurus Rex was a large carnivore; insectivorous plants are considered carnivores)
    hypernym: 02155392-n (predator, predatory animal)
```

Lemma Remove ‘carnivore’ from `02077948-n` and replace with ‘carnivoran’, ‘carnivorous mammal’

Motivation Not all ‘carnivores’ are mammals as suggested by this synset.

Task 10 — ‘suggest’/‘hint’

Issue: #1364
Category: relation
Size: medium
Gold fix (moderator only): https://github.com/globalwordnet/english-wordnet/pull/1366

Existing relation

```
00929401-v: hint, suggest
    drop a hint; intimate by a hint
    hypernym: 00930591-v (convey)
    hyponym: 00929682-v (intimate, adumbrate, insinuate); 00929871-v (clue in); 01028737-v (allude, tou

00932768-v: suggest, intimate
    imply as a possibility
    (The evidence suggests a need for more clarification)
    hypernym: 00932561-v (imply)
    hyponym: 00933047-v (make out)
```

Proposed change Make ‘hint’ a specific kind of suggesting. This would change the hypernym of `00929401-v` to `00932768-v` and remove ‘suggest’ from `00929401-v`

Motivation The senses of suggest are too similar, and this creates a sense distinction not found in other dictionaries:

https://www.dictionary.com/browse/suggest https://www.merriam-webster.com/dictionary/suggest https://en.wiktionary.org/wiki/suggest

The basic problem is that hinting is a specific way of suggesting.
